commercial power and technology

Industry leading warranties...

The only Commercial Power supplier to offer a 10 year total confidence warranty - we make products that last!

“Showing the faith we have in our products and the love we have for the environment”

total confidence warranty

commercial power and technology

Nexus offer an industry leading **10 Year Total Confidence Warranty** for all products installed by our installation team or our approved partners.

We are the only commercial power and technology supplier to offer such a warranty.

Frequently asked questions

How can you offer a 10 Year warranty?

- We make Nexus product in our own factories; meaning we can tightly control quality and ensure thorough testing.
- We design and manufacture the GaN USB chargers that are used in our products. They are engineered for longevity and safety.
- Our approved partners and installation team are specifically trained to install products in accordance with regulations and best practice.

Who are approved partners?

- They're furniture manufacturers and distributors that are trained to install all Nexus product ranges.
- Over 90% of installations use approved partners or the Nexus installation team - meaning an automatic 10 year warranty is applied.

How do I become an approved partner?

Email sales@nexus.uk and you'll be guided through the quick & easy process.

Contact sales@nexus.uk to discuss your project

warranty

Why have a 2 Year Warranty?

- The two year warranty is for self installs only. We can't guarantee these individual installations will comply with specific regulations, but we can stand behind the quality of Nexus products to offer a competitive 2 year warranty when installed and used per our instructions.

What is an Unlimited £ Connected Equipment Warranty?

- Confident in our state of the art technology, nexusPRO Surge products come with an Unlimited £ Connected Equipment Warranty when installed by the nexus installation team or approved partner.

In the unlikely event that a surge passes through the protection device within 3 years of purchase and damage occurs to the connected equipment, nexus will pay to repair or replace the equipment - there is no limit to the connected equipment amount.

Nexus stands by the quality of its Surge products.
