## Adjustable cable spine

NEX7031 instructions

### Adjusting the height

Depending on the height of your installation you may need to add or remove links to adjust the cable spine length.

- 1 Remove the desk mounting point.
- 2 Each link equals a 33mm change in length. To decrease height pull away the required amount of links. To increase height, connect additional links.

continued...

## Installation

- 1 Mark the position of the desk mounting point on the underside of the desk and drill two 3mm pilot holes. Using the two supplied screws, fix the desk mount.

- 2 Position the weighted floor mount (noting the position of the cable entry) and connect the required amount of links, ending with the final connection to the desk mount.

continued...

3

Click the cables through the spine, using one side for power, the other for data.

---

## Technical

**Construction:**

Polypropylene

**Dimensions:**

745mm (H)

+/- 33mm removable links

**Mounting:**

Screw fixing to desk (x2 wood screws supplied),

Weighted floor base
